II.2) Description

II.2.3) Place of performance

NUTS codes

- UKK1 - Gloucestershire, Wiltshire and Bristol/Bath area

Main site or place of performance

Gloucestershire, Wiltshire and Bristol/Bath area

II.2.4) Description of the procurement

Whilst the monthly charge will represent one-twelfth of the contract cost, a reconciliation will take place monthly to reconcile the actual hours worked within the contract. If the hours worked are less than those budgeted for a credit will be required by the schools.

This credit will be calculated by dividing the annual contract cost (fixed cost) by the number of annual input hours to arrive at a contractual cost per hour, this will then be multiplied by the number of hours due to arrive at the fiscal credit.

The schools require that the tendered number of hours are worked at all times and the successful contractor is expected to have a system in place to cover for both planned and unplanned leave.

The basis and rationale that the Client requires is for the successful contractor to operate to at all times is being able to provide clean Schools that are fit for purpose and that the Contractor is pro-active in the management of the contract, thus ensuring that all output / Input specifications are achieved and that the required frequency of cleans is delivered.

The tender project is seeking to appoint a Contractor whose initiative and innovation will be welcomed for the provision of services. The high-quality service levels proposed, should maintain excellent standards throughout, resulting in a clean and pleasant environment for pupils, staff and visitors within all of the schools consistently.

It should be noted that the successful contractor will be expected to bring to the contract: innovation; new equipment; and cleaning methods, with BIC'S standards being achieved, as a minimum, thus ensuring that the highest levels of cleanliness are maintained in all areas at all times and also ensuring that the productivity of the cleaning operatives is enhanced moving forward into the new contract term.

The successful contractor will be expected to put forwards both innovation and their proposals for making this contract more environmentally sensitive and carbon neutral moving into this contract term both by way of contract delivery, and also within the successful contractor's organisation, thus working to deliver The Partnership Trust's environmental policies.

Please see SQ document for more information.
