Precise information on deadline(s) for review procedures

Precise information on deadline(s) for review procedures:

Applicants who are unsuccessful shall be informed by the relevant Authority as soon as possible after the

decision has been made as to the reasons why the Applicant was unsuccessful. If an appeal regarding the

award of the contract has not been successfully resolved, the Public Contracts Regulations 2015 (SI 2015 n°

102) provide for aggrieved parties who have been harmed or are at risk of harm by breach of the rules to take

legal action. Any such action must be brought within the applicable limitation period. Where a contract has not

been entered into, the Court may order the setting aside of the award decision or order the Authorities to amend

any document and may award damages.

If the contract has been entered into the Court may, depending on the circumstances, award damages, make

a declaration of ineffectiveness, order the relevant authority to pay a fine, and/or order that the duration of the

contract be shortened. The purpose of the standstill period referred to above is to allow the parties to apply to

the Courts to set aside the award decision before the contract is entered into.
