Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Provision of sludge treatment and disposal services

II.1.2) Main CPV code

- 90513800 - Sludge treatment services

II.1.3) Type of contract

Services

II.1.4) Short description

This notice is seeking expressions of interest for the establishment of an Agreement for the provision of sludge treatment and disposal services during 2025-2030.

This agreement is envisaged to be the primary route for selecting suppliers for the provision of 5,000 TDS annual sludge treatment and disposal capacity for the duration of the agreement.

Any estimated quantities or values contained or referred to in this or other documentation are for guidance only and do not bind Yorkshire Water Services (referenced 'YWS' herein) to buy any specific quantities should the bidder be successful and enter into an Agreement.

Process:

In the first instance the expression of interests to participate must be submitted via email to Con Metcalf and Rui Santos (con.metcalf@yorkshirewater.co.uk / rui.santos@yorkshirewater.co.uk) ITQs for pre-qualification will be issued to the bidders upon a receipt of an expression of interest. The bidders will then be assessed over two stages:

First stage - Qualification: All bidders will be assessed from a capability perspective at the beginning of the process (ITQ). Bidders will need to provide evidence of their capabilities for each lot they intend to bid for, among other qualitative questions. YWS might conduct reference checks with the relevant stakeholders.

Scoring criteria for each of the ITQ questions will be shared alongside the questionnaire.

Bidders that do not meet the minimum criteria, will be excluded from the process at this stage.

Second stage - Invitation To Tender (ITT): YWS will evaluate suppliers for each lot they intend to bid for from a qualitative and commercial perspective. Overall scoring criteria will be shared alongside the procurement documentation.

II.1.5) Estimated total value

Value excluding VAT: £9,500,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Capacity provided (per annum): Variable (non-committed volumes)

Lot No

1

II.2.2) Additional CPV code(s)

- 45232422 - Sludge-treatment works
- 90513600 - Sludge removal services
- 90513900 - Sludge disposal services

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber

Main site or place of performance

Yorkshire Region

II.2.4) Description of the procurement

Successful suppliers will work alongside YWS to provide sludge treatment and disposal services, which are split into different lots reflecting several levels of capacity provided. This activity represents a key initiative for YWS to ensure there is no sludge treatment and disposal capacity shortfall.

This procurement activity seeks to secure 5,000 TDS annual sludge treatment and disposal capacity for 5 years. The required service element will not include transporting sludge liquid and cake from any YWS dewatering/export sites.

This procurement intends to place an agreement for a five-year period, with a total estimated value (excluding VAT) of £9,500,000 over the 5 years. The annual estimated value is around £1,900,000.

For each lot there is an option to provide a quote for the level of expected capacity provided per annum. Lot 1 refers to non-committed volumes, where YWS seeks to secure more than 5,000TDS per annum.

It is key that suppliers include all cost components such as CAPEX, maintenance, chemical, liquor, disposal, energy and any other relevant cost component.

YWS shall reserve the right to award single or multiple lots in order to achieve the best overall commercial solution.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2) Description

II.2.1) Title

Capacity provided (per annum): 100TDS

Lot No

2

II.2.2) Additional CPV code(s)
