II.1.4) Short description

The Project Information Memorandum (PIM) has been prepared by Energia Group as a briefing note for potential bidders interested in delivering software solutions,

implementation services and support services required to replace the following Energia Group Customer Apps (Android and iOS);

Energy Online - Power NI;

Energy Online - Energia; and

Power NI Keypad+.

Energia has established a 'Digital Engine', as an internal programme for the delivery of these mobile applications and will work closely with the chosen Supplier from this procurement to supply software solutions, implementation services and support services as part of that programme.

The chosen Supplier must be flexible in the provision of the software solutions, implementation services and support services and be willing to cooperate fully with the Energia Group and other relevant parties involved in the Digital Engine to ensure the successful delivery of the project in line with the overall requirements.
