Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Repair of Rotating Machines and the performance of related services

II.1.2) Main CPV code

- 50111000 - Fleet management, repair and maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

In detail, the scope involves management, supervision, manpower and materials as dictated by the

requirements of the project. In context, the scope of work will comprise the repair of existing parts

or the supply of new parts.

The project scope includes (refer appendix - 1 for further break down of components):

1. Provision of resources and materials in the repair of LT-130, LT-115 Field, Armature, LT 200 and LT 118

systems.

2. Supply of field and armature systems of the 3HC43 compressor motor.

3. Supply of field and armature systems of the HRS-20 compressor motor.

4. Supply coil systems and associated parts for motor alternator sets, type MG3007.

5. Supply of field and armature systems of the VRS20 compressor motor.

6. Logistics arrangement involving transportation to and from the customers assigned collection drop off point.

Note: The estimated value would be based on yearly forecast for next 8 contractual years.

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for maximum number of lots

2

Maximum number of lots that may be awarded to one tenderer: 2

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

TfL reserves the right to award in lots to more than one supplier at its own discretion

II.2) Description

II.2.1) Title

Traction Motors

Lot No

1

II.2.2) Additional CPV code(s)

- 50222000 - Repair and maintenance services of rolling stock

II.2.3) Place of performance
