Notice identifier: 2025/S 000-018063

Procurement identifier (OCID): ocds-h6vhtk-050a5c

Published 30 April 2025, 2:46pm

Scope

Description

The requirement is for the provision, implementation, and ongoing support of a cloud-based eProcurement tender portal to manage end-to-end procurement activities. The solution must include core functionalities such as notice management, secure bidder interaction and response tracking, document management with version control, and support for Quick Quotes, multi-lot tenders, and Dynamic Purchasing Systems. It must ensure regulatory compliance, enable secure communication, and offer a user-friendly interface with full audit capabilities. The system should integrate with existing procurement and financial platforms, and include access to customer support, onboarding materials, and the ability to create custom buyer profiles. The procurement includes the delivery, configuration, training, and scalable deployment of the system.
