#### **II.2.4) Description of the procurement**

This notice is an intention to award a contract under the most suitable provider process.

The value of the contract is £20,779,607 over a 6 year contract period.

This is an existing contract with an existing provider. The contract will be in place from

01 July 2024- 30 June 2030 (6-year contract term)

Knowsley Council will procure via the Provider Selection Regime Regulations 2023 through

the most suitable provider process for local authority drug and alcohol health care services.

The service will be based on the following principles and values:

- There will be a single point of access for all referrals.
- There will be access to treatment and recovery support during evenings and on a minimum

of six days per week.

- It is easily accessible to potential service users, their families, carers and the community.
- It can flexibly respond to an individual's needs and circumstances, including those beyond

that of their substance misuse, enabling them to leave services in a planned way at the earliest opportunity.

- The service will provide treatment and support interventions that enable customers to achieve successful completion of treatment and sustainable recovery from drug and/or alcohol use disorders.

- The provider will have experience of working in Knowsley and supporting complex cohorts

while using trauma informed practice.

- The provider will have experience of providing innovative service delivery across Knowsley

that delivers outcomes to generate positive impact across service users, families, stakeholders and communities.

- The service will have recovery as its core outcome and recognise the role that trauma exposure can have on individuals; these key principles will be embedded throughout the whole service user journey from assessment to completion of treatment.

- It can respond positively to the cultural, religious, ethnic, language, gender, sexual,

Page 5 to 6

disability and age-related needs of an individual.

- It ensures that individuals are motivated and supported to have greater control over their lives, maximising their health, wellbeing and participation in the rights, roles and responsibilities of society.

- It is inclusive of the opinions of people using the service.

- It is committed to developing and supporting peer recovery support services.

- It is committed to developing and supporting peer recovery support services and a self sustaining LERO.

- It has close collaboration and co-ordination with partners, aligning activities and outcomes

around mental health, the criminal justice system, housing and employment.

- Maintains an effective community-based health treatment pathway from custody to the community, maintaining effective access to treatment at any point during their journey in the

criminal justice system.

- Responds to changing landscapes around attitudes and drug use nationally and locally.

- Support LDIS networks and provide harm reduction approaches across communities.

- Works with other services to address emerging issues.
- Positively promotes a reduction in stigma to accessing the recovery service and reaches out to those in the community who have not accessed support.
- Seeks to make support increasingly accessible including the exploration of digital support

using new and emerging technologies to maintain contact with service users both between

appointments and at times when service users are unable to physically attend.

Refer to the service specification for further Information.

## Section VI. Complementary information

### VI.3) Additional information

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. The publication of this notice marks the start of the standstill period. Representations by providers must be made to the relevant authority by 20th June 2024 (8 working days following publication of intention to award notice)]. This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR.'

Representations should be sent via the chest ..... Or directly to [Lynda.brookes@star-procurement.gov.uk](mailto:Lynda.brookes@star-procurement.gov.uk)

The decision makers related to this process are:

Sarah Smith Executive Director for Health and Social Care

Duncan James Executive Director Resources

There were no declared conflicts of interest.

The relative importance of the key criteria is below

Key Criteria 1. Quality and Innovation 30%

Key Criteria 2. Value Pass/Fail

Key Criteria 3. Integration, collaboration and service sustainability 40%

Key Criteria 4. Improving Access, reducing health inequalities and facilitating choice 30%

Key Criteria 5. Social Value - Pass/Fail

Key criteria 2 and 5 were evaluated on a pass fail basis. All provider needed to meet the budget requirements of the contract and social value is so fundamental to the authority that providers failing to offer sufficiently innovative, measurable and deliverable social value would not be considered.

Key 3 was given a slightly higher weighting than the remaining 2 criteria to reflect the importance of Integration, collaboration and sustainability. Without this the service would

not succeed.

Key criteria 1 and 4 could only be achieved if the chosen provider could successfully deliver key criteria 3. They were considered equally important and so the remaining 60% was distributed evenly between them.

The chosen providers response to the Prior Invitation Notice (PIN) of intent to use most suitable provider process was reviewed by commissioners and met all the published criteria. As the incumbent provider already meeting key performance indicators within the existing contract there is the added confidence they will continue to innovate and deliver to the specification.
