Tender

Provision of an Operations Management solution and In-Cab Technology for Waste & Recycling

Denbighshire County Council

F02: Contract notice

Notice identifier: 2021/S 000-018078

Procurement identifier (OCID): ocds-h6vhtk-02ce0c

Published 29 July 2021, 1:05pm

Section I: Contracting authority

I.1) Name and addresses

Denbighshire County Council

Wynnstay Road

Ruthin

LL15 1YN

Email

procurement@denbighshire.gov.uk

Telephone

+44 1824712194

Country

United Kingdom

NUTS code

UKL13 - Conwy and Denbighshire

Internet address(es)

Main address

www.denbighshire.gov.uk

Buyer's address

https://www.sell2wales.gov.wales/search/Search_AuthProfile.aspx?ID=AA0280

I.2) Information about joint procurement

The contract is awarded by a central purchasing body

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

https://supplierlive.proactisp2p.com/Account/Login

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

https://supplierlive.proactisp2p.com/Account/Login

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

https://supplierlive.proactisp2p.com/Account/Login

I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Provision of an Operations Management solution and In-Cab Technology for Waste & Recycling

II.1.2) Main CPV code

• 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

The Council is looking to invest in a quality and cost effective end-to-end digital solution from a single supplier to modernise Waste and Recycling services across the Authority. This solution will comprise of:

- An end-to-end digital solution which combines in-cab units, back office system and database capability for a variety of tasks including:
- An "out of the box" system with minimal configuration
- Automation of administrative tasks (completion/closure of CRMs for tasks such as missed collections, bulky household collections and delivery of containers)
- Provide additional/continual service efficiencies through automated task allocation based on Council priorities
- Viewable accurate and live data of round completion/work flows for back office staff/managers with manual work (re)distribution capabilities dependant on service need
- Configurable database which contains property/user information, including container type and size, contamination history, application for containers history, enforcement history (including pictures/evidence), additional requirements (assisted collections) and subscription information for garden waste/AHP etc.
- Manual input from Operatives using the in cab system to input completion of work streams (collection rounds etc.) and identify where manual intervention is needed

(contaminated containers, replacement containers, safety/welfare issues and orphan bins/fly tipping.

- A mobile hardware solution (rugged touchscreen device) which can be mounted into Waste and Recycling Fleet, allowing for a full user interface. There will also be a requirement for the supplier to fit the devices and then retrofit a number of these units to our new waste fleet in 2023.
- Real-time connectivity between back office system and in-cab units, allowing for tasks to be "pushed" from back office to specific crews for resolution and updates "pushed" back from the in-cab into the back-office. This will include an offline mode for when the device is in an area of poor signal.
- Sufficient users/licences must be provided to enable the council to deploy the solution across the Waste Department. This will be approximately 45 in-cab units and 20 back office users. However, with the upcoming service change, there may be a requirement for the provider to provide additional licences in the future.
- Automated integration with routing software, to allow for real-time changes in routes (including multiple changes) to be applied across the solution, for route optimisation but also to allow for full flexibility when building and implementing new routes as part of the service change and continual efficiencies.
- Two-way information sharing between the in-cab system and route optimisation software, allowing actual data to inform route efficiencies.
- Full integration with the Council's CRM system (currently Civica C360), automated data transfer and information sharing and automation of closing CRMs e.g. a missed container requested or container delivery.
- Importing of existing data held by Council systems into the solution, including database information, BS7666 Gazetteer, GIS mapping data, CSV files etc.

The aim is to have a fully configured and functional system by March 2022.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

• 72000000 - IT services: consulting, software development, Internet and support

II.2.3) Place of performance

NUTS codes

• UKL13 - Conwy and Denbighshire

Main site or place of performance

Denbighshire County Council

II.2.4) Description of the procurement

The Council is looking to invest in a quality and cost effective end-to-end digital solution from a single supplier to modernise Waste and Recycling services across the Authority. This solution will comprise of:

- An end-to-end digital solution which combines in-cab units, back office system and database capability for a variety of tasks including:

The aim is to have a fully configured and functional system by March 2022.

II.2.5) Award criteria

Quality criterion - Name: Product, Support & Maintenance / Weighting: 6

Quality criterion - Name: Implementation / Weighting: 4

Quality criterion - Name: Operations Management System / Weighting: 6

Quality criterion - Name: In-Cab Technology / Weighting: 8

Quality criterion - Name: Integration with Route Optimisation / Weighting: 8

Quality criterion - Name: Trade Waste and other Service Requirements / Weighting: 4

Quality criterion - Name: Customers and Integration / Weighting: 4

Price - Weighting: 60

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

Yes

Description of renewals

There will be an option to extend this contract up to 5 years reviewed on an annual basis.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

During the duration of the contract there may be requirements to purchase the same software to implement in other areas of the authority. In addition, Denbighshire's Route Optimisation Software is due for renewal during the duration of this contract and there may be a requirement to purchase this from the successful supplier.

These two purchases are not guaranteed.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

As described in the procurement documentation

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

30 August 2021

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English, Welsh

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 4 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

30 August 2021

Local time

1:00pm

Place

Electronically via PROACTIS

Information about authorised persons and opening procedure

Electronically via PROACTIS

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: Yes

Estimated timing for further notices to be published: Either 9 months before expiry of contract or expiry of extension period/s.

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

Instructions

- 1. Log in to PROACTIS at https://supplierlive.proactisp2p.com
- 2. If you are already registered on the Proactis portal please Login and start at Step 14 of these instructions if not go to STEP 3
- 3. Click the "Sign Up" button at the bottom of the window
- 4. Enter your correct Organisation Name, address and Primary Contact Details. You will need to create the Organisation ID and User Name. If you have a generic email address for your organisation e.g. tenders@xxx.co.uk then please use this as the primary contact email address.
- 5. Please make a note of the Organisation ID and User Name, then click "Register"
- 6. You will receive an email asking you to "Click here to activate your account". This takes you to Enter Organisation Details.
- 7. Please enter the information requested, click the ">" on the screen and follow the instructions ensuring that you enter all applicable details.
- 8. In the Classification screen please ensure that you select the Product Classification Codes (CPV Codes) that appear in the tender notice.

Please ensure that the selected codes are relevant to your business to ensure that you get notification of opportunities that are of interest.

- 9. In the Buyers screen please select Denbighshire County Council (you may register with other organisations if you wish)
- 10. In the Primary Contact Details screen please ensure that all information is complete. (Please see note 4 above)
- 11. Accept the Terms and Conditions and then click ">". This takes you to the Welcome window.
- 12. In the Finish screen please enter a new password and note all your Login details for future reference.
- 13. Now click "Complete Registration" and you will enter the Supplier Network page.
- 14. On the centre of the screen click "Opportunities". This will take you to the list of current opportunities available to you.
- 15. Click the ">" that relates to this notice, this will take you into the PQQ or Tender Request and click "Register Interest". Note there may be several opportunities that appear on this screen, please ensure that you select the correct one.
- 16. In the "Your Opportunities" screen please note the closing time and date for completion of the relevant project. Please review the

"Items" tab (Tender stage only) and the Documents tab (PQQ and Tender stages) as there will be information relating to the project held

here. The Documents are accessed by clicking the down arrow underneath the General tab. Please ensure that you download all documents to your PC as you will be required to complete and upload some of them as part of your submission.

There are instructions on how to complete your submission in the Guidance for Bidders document.

17. You can now either create your response", or "Decline" this opportunity

Under the terms of this contract the successful supplier(s) will be required to deliver Community Benefits in support of the authority's economic and social objectives. Accordingly, contract performance conditions may relate in particular to social and environmental considerations. The Community Benefits included in this contract are:

Details of Community Benefits can be found within the procurement documentation.

(WA Ref:111851)
