Explanation:

A modification to the value of the Framework Agreement for Frozen Food Products (CAT 19 013) by 20% is necessary to cover anticipated orders to the remaining contract period (until 31 July 2024).

These requirements have become necessary and are permitted by Regulation 72(1)(c) of The Public Contracts Regulations 2015. Namely, the following conditions have been fulfilled:

The following issues that could not have been predicted and have impacted on costs and therefore increased spend under the current Framework:

- Hyper food inflation experienced as a result of the conflict in Ukraine which has impacted supply on European products.
- Much higher than anticipated energy prices that impacted all processing, production, and transportation of goods.
- Increased costs due to farming pressures and weather creating stock shortages.

(ii) the modification does not alter the overall nature of the contract;

The proposed modification does not impact the overall nature of the agreement, it remains to be there to supply frozen food products to schools.

(iii) any increase in price does not exceed 50% of the value of the original contract or framework agreement.
