Award criteria

The evaluation panel will consider the factors listed below as part of the evaluation process:

1. Price 25%
2. Quality 65%
3. Social value 10%

Price will be evaluated on the overall cost for all services as detailed above to establish the cheapest overall cost. The lowest overall cost will be awarded [25%] and all subsequent bids will receive a proportion based on the lowest overall submission (cheapest bid received divided by the bid being evaluated multiplied by [25%]).

Quality and social value are divided into individual questions, each scored using the scoring guidelines detailed below based on the evaluation panel's considered view on their importance to this project and in terms of the organisation's requirement as a whole:
