II.1.4) Short description

The Property Projects team is responsible for delivery of all the infrastructure projects across the entire WMT stations portfolio. This includes the delivery of Business Plan Commitment (BPC) projects that we have as an obligation to the DfT, other internal projects, 3rd party funded projects delivered by WMT as well as manage the interface with 3rd party delivered projects on our estate.

The overall requirement for delivery of internal projects is to provide:

- Improvement in customer experience to our customers
- Improvement in the customer facilities being offered at the station
- Improvement in safety and security for passengers and staff
- Improvement in the staff facilities at the station.

The interface management of 3rd party delivered schemes is to ensure that:

- WMT requirements for the station are identified and incorporated as part of the scope
- Impact assessment of the proposed works will have on the existing station and ensure mitigations are in place to address these

- Future capacity of the station and facilities are taken into account
- Operational, cleaning and maintenance factors are accounted for during the design phases
- Construction impact to existing station operations are considered early to ensure that disruption to existing station and passengers are minimised
- Protecting WMT commercially and ensuring that WMT are indemnified against any additional operational and maintenance costs
