Tender

Energy Generation Accelerator Programme - Seamer Carr Project Development

York and North Yorkshire Combined Authority

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-018129

Procurement identifier (OCID): ocds-h6vhtk-06531b

Published 27 February 2026, 4:24pm

Changes to notice

This notice has been edited. The [previous version](#) is still available.

After a high volume of clarification questions it appeared we needed to reconsider the original contract length in order to give the awarded supplier sufficient time to deliver the required service. We therefore extended the contract length by 1 month making it a period of 3 months with an option to extend for a further period of 1 months Therefore the total possible Contract duration is 4 months (3+1)

Scope

Reference

100108004

Description

To develop a feasibility study and detailed technical design work for a wind energy project at Seamer Carr Closed Landfill Site, including site assessment, off taker opportunity, battery storage considerations, grid connectivity options, and planning considerations to support North Yorkshire Council's net zero targets and regional decarbonisation goals.

Total value (estimated)

- £80,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 30 March 2026 to 29 June 2026
- Possible extension to 29 July 2026
- 4 months

Description of possible extension:

The Contract will be for a period of 3 months with an option to extend for a further period of 1 months Therefore the total possible Contract duration is 4 months (3+1)
