II.1.3) Type of contract

Services

II.1.4) Short description

Derbyshire County Council, Derby City Council, Nottinghamshire County Council and Nottingham City Council (D2N2) form a regional cluster in which we aim to collaborate to deliver better outcomes for children.

Within this cluster, it has become evident that there is a need for further support from external providers to ensure effective, timely and valuable delivery of assessments to support Education and Health Care Plan (EHCP) delivery for our Children, who require this support.

To facilitate more cohesive and efficient delivery of therapeutic assessments which support EHCP delivery and to ensure better outcomes for children whose educational needs are the responsibility of the D2N2 Councils are publishing an opportunity for providers to join a framework.

The services to be provided through this framework have been split into 4 lots:

- a) Lot 1: Educational Psychology
- b) Lot 2: Speech and Language Therapy
- c) Lot 3: Occupational Therapy and Sensory Therapy
- d) Lot 4: Physiotherapy

Providers can tender for one or multiple lots, assessment and/or delivery, and do not need to deliver their services to all areas covered by the D2N2 Framework. The framework will be procured under the "Light Touch Regime" for Social and Other Specific Services, and the Councils anticipate that framework will be reopened periodically to new applicants.

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2.4) Description of the procurement

Supporting children's speech, language and communication contributes to a wide range of outcomes in achievement, social competence, behaviour and mental health. 7% of children aged about 5 years have specific speech and language impairment (Tomblin et al 1997, Law et al, 2000)

It is estimated that a further 1.8% (1753 per 100,000 population) have speech and language communication needs linked to other conditions such as learning disability, cerebral palsy, autism spectrum disorders (taken from Enderby et al, 2013). Evidence indicates that SaLT interventions reduce the risks of lower educational attainments, behavioural, emotional and social difficulties.

Eligibility to Deliver Service: Applicants shall be qualified to BSC or PGDip in speech and language therapy as a minimum (and may also hold MSC or Doctorate level qualifications in Speech and Language Therapy), and have active registration with the Health and Care Professions Council (HCPC) and Royal College of Speech and Language Therapists (RCSLT), which should be maintained during the entire period when undertaking work under this contract.
