### **VII.2) Information about modifications**

#### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Secure assessment service continuity and stability beyond the current contracts end date on 31/07/21 extending the Lot 3 contract for the period 01/08/21 to 31/07/23.

Provide the contractual flexibility for any subsequent changes to ongoing service design necessitated by Covid-19 measures and any associated Policy changes made, during the extension period.

Allow the Department to implement pre-Covid flexibilities to remove volume and service from Providers into a Departmental Transformation Area/to deliver Devolution of PIP, if required.

Transition to a Cost Plus funding model for the extension period to strike the right level of risk ownership to drive optimal performance and to address the continuing impact of Covid-19.

#### **VII.2.2) Reasons for modification**

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The impact of COVID-19 has meant that DWP were not able to launch the re procurement of PIP as planned in March 2020. Extensions to the existing contracts are needed to fully understand and evaluate the impacts of COVID-19 ahead of future procurements as well as to stabilise the assessment service.

The impact of COVID-19 has been, and continues to be, very significant. The assessment service has had to be very quickly adapted, in particular to suspend face to face assessments and mobilise alternative methods of delivery to support claimants. Alongside this departmental and supplier staff and resources have had to be restructured and redeployed to help deliver DWP and the wider governments 's operational response to COVID-19. DWP has also consulted with the market on the impacts of COVID-19.

Given that PIP is a critical statutory welfare benefit that caters for vulnerable people, a gap in service provision is not an option.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £511,600,000

Total contract value after the modifications

Value excluding VAT: £705,900,000
