Framework operation description

The framework will operate through the issue of annual mini-competitions to the awarded suppliers. Each year, the contracting authority will provide details of its forecasted requirements, including site-specific needs and indicative order volumes. Suppliers will be invited to submit pricing and delivery proposals for those annual needs, and contracts will

be awarded based on the outcome of each mini-competition.

Competitive flexible procedure description

This procurement is being conducted using the Competitive Flexible Procedure under the Procurement Act 2023. The process will consist of Conditions of Participation Questionnaire and a Tender (ITT). Only those suppliers that meet the conditions of participation requirements will have their tenders evaluated.

A second round of tendering will be conducted, and, if required, the authority may proceed to a third and final stage (Best and Final Offer (BAFO) round). The final contract award will be based on the refined award criteria, as communicated to suppliers during the procedure.

The award criteria and their relative weightings are provided in the tender documents. All communications and submissions must be made electronically via Ariba.
