The above Public Sector Bodies have a need for a compliant Procurement Vehicle to access a range of Information Communications Technology, Cloud and related services including connectivity, telecommunications, equipment, hardware, software, services, consultancy, safeguarding and cyber security and change management, maintenance, support and infrastructure to meet the diverse needs of Education, Central and Local Government and other Public Sector and associated organisations.

This Framework will be a single Lot sole supplier Framework. The contract will be let on a 4 year term. The successful bidder will be expected to demonstrate they can impartially control, manage and deliver against the full range of required areas within the ITT and to maintain and integrate such competing sub-contractors, in every category, as necessary to ensure choice and flexibility in each category, best value and seamless interoperability. At all times choice, service, quality and cost is paramount as too is energy saving and reducing the carbon footprint. Sustainability and continuity of supply is important, along with the need to ensure innovation of products and service as well as the necessity to manage both small enterprises and large corporations.

Full instructions and details of how to register for access to all documents for this procurement can be found at: https://www.e2bn.org/cms/everything-ict
