II.1.4) Short description

The University of Derby is looking to set up and manage a multi-lot framework for the provision of Mechanical and Electrical services. This will encompass both servicing and remedial elements, with the mechanical element broken down by lot into 4 distinct subcategories.

It is envisaged that this framework will be used as the sole route to market for the authority managing an expected spend of approximately £1.2m, utilising a combination of direct award, request for quote, request for proposal and full further competitions.

The framework will be broken down into the following lots:

Lot 1.1 - Mechanical Service - Heating / Gas Appliances

Lot 1.2 - Mechanical Service - Air Conditioning / FGas

Lot 1.3 - Mechanical Service - Pumps / Air Compressors and Closed system Pressurisation units

Lot 2.1 - Mechanical Remedial- Heating / Gas Appliances

Lot 2.2 - Mechanical Remedial- Air Conditioning / FGas

Lot 3 - Electrical Service - All

Lot 4 - Electrical Remedial - All

Bidders may apply for a place on a single, multiple or all lots.

The University of Derby will award to a maximum, the top 3 scoring providers per lot a place on the framework agreement acting as strategic partners for the University.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 28

In the case of framework agreements, provide justification for any duration exceeding 4 years:

Justification for a 5 year (3+1+1) framework agreement: The authority's project requirements could be of large size, scale and complexity, along with often lengthy governance requirements. As such a 4 year framework would not present significant opportunity for both the contractors to gain a return on investment or give the client full opportunity to utilise the framework
