The windfarms are located on three islands one in Quanterness, located on Mainland (Northwest of Kirkwall), with the other sites located on the islands of Hoy and Faray respectively. This procurement is for the design, supply, transportation, installation, commissioning, operation and maintenance of up to 18 No. WTGs.

OIC anticipates that the successful bidder will enter into the following contracts: three turbine supply agreements (TSA) (one for each project, covering the design, supply, transportation, installation and commissioning of the WTGs) and three full service agreements (FSA) (one for each project covering the operation and maintenance of the WTGs).
