Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

List and brief description of selection criteria

Insurance

It is a requirement if this contract that bidders hold, or can commit to obtain prior to the commencement of any subsequently awarded contract, the types and levels of insurance indicated below:

Employers (Compulsory) Liability Insurance

Public Liability Insurance

Third party motor vehicle liability insurance

Bidders will be required to have a yearly turnover of a minimum of 7.5m GBP in each of the last three years

Bidders will be required to state the values for the following for the last three financial years:

Current Ratio (Current Assets divided by Current Liabilities)

Net Assets (Net Worth) (value per the Balance Sheet, no calculations required)

The Council will download a Dun & Bradstreet (D&B) Credit Report for the preferred supplier prior to the award of contract. The contract will not be awarded in the event that the D&B assessment of business failure is regarded as 'High'. The Council may require additional satisfactory evidence in the event that the risk of business failure is regarded as 'Moderate-High' to justify the award of contract. If the supplier fails to provide satisfactory and acceptable evidence, Perth & Kinross Council is not obliged to award the contract to the most economically advantageous tenderer.

Minimum level(s) of standards possibly required

Insurance

It is a requirement if this contract that bidders hold, or can commit to obtain prior to the commencement of any subsequently awarded contract, the types and levels of insurance

indicated below:

Employers (Compulsory) Liability Insurance = 10 Million GBP

Public Liability Insurance = 5 Million GBP

Third party motor vehicle liability insurance = 5 Million GBP

Economic and Financial Standing

Bidders will be required to have a yearly turnover of a minimum of 7.5million GBP in each of the last three years.

Bidders will be required to state the values for the following for the last three financial years:

Current Ratio (Current Assets divided by Current Liabilities)

Net Assets (Net Worth) (value per the Balance Sheet, no calculations required)

The acceptable range is:

Current Ratio – it is expected that the ratio is equal to or greater than 0.90, i.e. the value of Current Assets is almost equal to, or greater than, Current Liabilities in each of the three years. Reasons for not meeting the required test to be disclosed by tenderers together with appropriate supporting evidence to confirm the suitability of the tenderer for the contract.

Net Assets (Net Worth) – it is expected that the Net Worth for each of the three years will be positive, i.e. a Net Assets position. Reasons for not meeting the required test to be disclosed by tenderers together with appropriate supporting evidence to confirm the suitability of the tenderer for the contract.

The Council will download a Dun & Bradstreet (D&B) Credit Report for the preferred supplier prior to the award of contract. The contract will not be awarded in the event that the D&B assessment of business failure is regarded as 'High'. The Council may require additional satisfactory evidence in the event that the risk of business failure is regarded as 'Moderate-High' to justify the award of contract. If the supplier fails to provide satisfactory and acceptable evidence, Perth & Kinross Council is not obliged to award the contract to the most economically advantageous tenderer.

III.1.3) Technical and professional ability

List and brief description of selection criteria

Section C relates to Tenderers' technical and professional ability. Bidders will be required to provide examples that demonstrate that they have the relevant experience to deliver the services/ supplies as described in part II.2.4 of the Find a Tender Service Contract Notice or the relevant section of the Site Notice.

Section D relates to Tenderers' quality assurance schemes and environmental management standards.

Quality Management Procedures

The bidder must hold a UKAS (or equivalent) accredited independent third party certificate of compliance in accordance with BS EN ISO 9001 (or equivalent),

Health and Safety Procedures

The bidder must hold a UKAS (or equivalent), accredited independent third party certificate of compliance in accordance with BS OHSAS 18001 (or equivalent) or have, within the last 12 months, successfully met the assessment requirements of a construction-related scheme in registered membership of the Safety Schemes in Procurement (SSIP) forum.

Environmental Management

A regularly reviewed documented policy regarding environmental management, authorised

by the Chief Executive, or equivalent. This policy must include and describe the bidder's environmental emergency response procedures, including the preparedness and response procedures for potential accidents and emergency response situations that give rise to significant environmental impacts (for example hazardous substances spill control).

Minimum level(s) of standards possibly required

Technical Experience

Please provide 2 or more examples including experience with thermal treatment or waste treatment and processing in the last 3 years.

OR

The bidder must have the following:

a. A documented policy regarding quality management. The policy must set out

responsibilities for quality management demonstrating that the bidder has, and continues to implement, a quality management policy that is authorised by their Chief Executive, or equivalent, which is periodically reviewed at a senior management level.

- b. Documented procedures for periodically reviewing, correcting and improving quality performance including processes for ensuring that the bidder's quality management is effective in reducing/preventing incidents of sub-standard delivery.
- c. A documented process for ensuring that quality management is effective in reducing/preventing incidents of sub-standard delivery. This must include the quality of output and general performance.
- d. Documented arrangements for providing the bidder's workforce with quality related training and information appropriate to the type of work for which this organisation is likely to bid.
- e. Documented arrangements that the organisation has a system for monitoring quality management procedures on an on-going basis.
- f. Documented arrangements for ensuring that the bidders apply quality management measures that are appropriate to the work for which they are being engaged.
- g. A documented process demonstrating how the bidder deals with complaints.

Health & Safety

- b. A documented process demonstrating the bidder's arrangements for ensuring that H&S measures are effective in reducing/preventing incidents, occupational ill-health and accidents.
- c. A documented procedure how the bidder obtains access to competent Health and Safety advice and assistance.
- d. Documented arrangements for providing the bidder's workforce with training and information appropriate to the type of work of which the organisation is likely to bid.
- e. A documented procedure describing what H&S or other relevant qualifications and experience the bidder's workforce has, in order to implement the H&S policy to a standard appropriate for the work for which the organisation is likely to bid.
- f. Documented arrangements for checking, reviewing and where necessary, improving the bidders H&S performance.
- g. Documented arrangements for involving the bidder's workforce in the planning and

implementation of H&S measures.

- h. Documented procedures for recording accidents/incidents and undertaking follow-up action.
- i. Documented arrangements for ensuring that the bidder's suppliers apply H&S measures to a standard appropriate to the work for which they are being engaged.
- j. Documented arrangements for carrying out risk assessments capable of supporting safe methods of work and reliable contract delivery where necessary.
- k. Documented arrangements for co-operating and co-ordinating the bidder's work with other suppliers.

Environmental Management

- b. Documented arrangements for ensuring that the bidder's environmental management procedures are effective in reducing / preventing significant impacts on the environment.
- c. Documented arrangements for providing employees with training and information on environmental issues.
- d. Documented arrangements for checking, reviewing and where necessary improving, the bidder's environmental management performance and the environmental impact of this organisation.
- e. Documented arrangements checking, reviewing and where necessary improving, the bidder's environmental management performance and the environmental impact of this organisation.
- f. Procedures for dealing with waste (e.g. waste management plans, waste segregation, recycling etc.).
- g. Documented arrangements for ensuring that any suppliers the bidder engages apply environmental protection measures that are appropriate to the work for which they are being engaged.
