The invite is open to all providers, including small and grassroots organisations, and local community and faith organisations. Our strategic direction of travel is to encourage and work with our local VCSE community who are integral in the delivery of this service, and would encourage VCSE and community organisations to take part.

The market engagement will be an opportunity to hear about the vision of the Community Mental Health Transformation programme and developments so far, and to participate in discussions around how organisations can work collaboratively and what will be needed for an alliance of providers to be successful. There will also be an opportunity to register your organisation's interest in future conversations around this alliance and to share your contact details with other providers if desired.

The objective of the alliance is to provide better care to people already receiving mental health support in the community, and increase access to these services
