II.1.4) Short description

The British Council would like to hear from providers that have proven experience in developing, implementing and managing learning management solutions. Under UK public sector procurement rules the British Council is undertaking a new tender exercise for a supplier to provide the required solution. This is an Accelerated Open Tender due to time constraints. In order to take advantage of both new and existing business opportunities, the British Council needs to ensure it has a modern learning management system (LMS), that can be fully integrated into a unified eco-system. The LMS will support the delivery of high-quality young learner blended courses which will help the organisation achieve its aspiration of placing the customer at the heart of everything we do. It will also be used to deliver fully virtual young learner courses, as the need arises.

II.2.4) Description of the procurement

The British Council would like to hear from providers that have proven experience in developing, implementing and managing learning management solutions. Under UK public sector procurement rules the British Council is undertaking a new tender exercise for a supplier to provide the required solution. This is an Accelerated Open Tender due to time constraints. The British Council delivers high quality English language services to its customers, with face-to-face, blended and remote learning options. In addition to its established network of Centres, Branches and Off-site locations, the British Council plans to expand its footprint via a more agile, flexible and efficient use of digital channels, following customer catchment areas, and thereby catering for our customer's increasing need for convenience. In order to take advantage of both new and existing business opportunities, the British Council needs to ensure it has a modern learning management system (LMS), that can be fully integrated into a unified eco-system. The LMS will support the delivery of high-quality young learner blended courses which will help the organisation achieve its aspiration of placing the customer at the heart of everything we do. It will also be used to deliver fully virtual young learner courses, as the need arises
