Published 1 May 2025, 10:44am

Scope

Reference

DN772326

Description

A services framework. The FASTER will be the principal mechanism by which the Met Office seeks to secure skills and capacity from UK Industrial and Academic Institutions in support of the delivery of Met Office requirements relating to the application of weather and climate science.

FASTER covers the use of scientific techniques and knowledge alongside technology solutions to explore and understand real world questions and challenges experienced by customers and end users of our weather and climate information and subsequently develop mitigation approaches and prototype solutions.

Commercial tool

Establishes a framework
