# **Section IV. Procedure**

## **IV.1) Description**

### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons

Explanation:

The E7 Acquisition Project Team, part of the UK Ministry of Defence, has awarded a 3-year

contract to Plexsys Interface Products UK Ltd for the maintenance of the current Mission Crew Trainer software and hardware located in RAF Lossiemouth. This contract has been awarded with an additional 3 option years.

It is considered that this contract has been placed using the Negotiated Procedure without Prior Publication of a Contract Notice pursuant to Regulation 16(1)(a)(ii) of the UK Defence and Security Public Contracts Regulations 2011 for technical reasons. This is because Plexsys Interface Products UK Ltd are the only company to have access to the Mission Crew Trainer source code/data and other necessary technical information to enable it to meet the RAF's synthetic training needs and provide the maintenance required throughout the contracting period.

To be successful in maintaining the functionality of the equipment, the supplier must have suitable experience and detailed knowledge of the system including both hardware and software which is only available within Plexsys. It is critical that the Mission Crew Trainer device remains fully operational and contracting with another contractor would pose a high risk to its critical functionality, thereby jeopardising the training of rear crew. For these reasons, Plexsys Interface Products UK Ltd is the only supplier able to meet the requirement

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: No

#### **IV.2) Administrative information**

##### **IV.2.1) Previous publication concerning this procedure**

Notice number: [2024/S 000-038392](#)
