Turning Point

Manchester

Country

United Kingdom

NUTS code

- UKD3 - Greater Manchester

Justification for not providing organisation identifier

Not on any register

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Provision of additional services during the course of Years 4 and 5 for the sum of up to £2,814,346.00

The original lifetime value of the Contract of 10 years (5 years + 5 year extension) was £39,036,436.00 therefore 25% of this value is £9,759,109.00.

Under Regulation 13(1)(d) of the PSR enables the Council to make modifications to a contract provided the following two conditions are met:

- (a) The modification does not render the contract materially different in character AND
- (b) The cumulative change in the lifetime value of the contract since it was entered into is:
 - i) below £500K; OR
 - ii) less than 25% of the lifetime value of the original contract when it was entered into.

The increase in contract value after following the modification is less than 25% of the lifetime value of the original contract.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

On the 22nd March 2024 the Government confirmed the Council would receive further funding pursuant to s31 of the Local Government Act 2003 to fund Year 2 of the Substance Misuse Prevention, Treatment & Recovery Project ('SSMTR Project'). A

Memorandum of Understanding was entered into on the 28th March with the Office for Health Improvement & Disparities (OHID).

A substantial proportion of the funding is to be used to increase services provided under the Contract with Turning Point to be selected from OHID's 'Menu of Interventions'.

The funding is to be used for investment in drug & alcohol services to aid recovery for those with substance misuse problems by treating addiction as a chronic health condition, breaking down stigma, saving lives, and substantially breaking the cycle of crime that addiction can drive.

The current Contract has a wide ambit of services. Turning Point is responsible for the delivery of drug prevention, treatment and recovery and is the only provider currently delivering drug treatment services in the Wakefield District. Service provision includes pharmacological and psychosocial interventions, harm reduction provision, diversionary activities and recovery support, all of which are expected to be enhanced as part of the SSMTR Project. The extra services are interdependent on the current provision and will be integrated within the current provision.

Turning Point is already delivering a system wide approach to drug treatment and recovery with established pathways and information sharing agreements in place with a range of partners, which is crucial to the success of the Project, including employment, housing and criminal justice partners. Turning Point has a dedicated criminal justice team already linked to custody, court and prison services and is delivering diversionary activities to those drug users in the criminal justice system.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £39,036,436

Total contract value after the modifications

Value excluding VAT: £41,850,782
