The contract shall be subject to Scots Law and the jurisdiction of the Scottish Courts.

GBP means Great British Pounds.

III.1.2 - Economic operators who do not obtain a satisfactory financial evaluation may not be considered for contract award.

The UK has left the EU and the transition period after EU came to an end on 31 December 2020. From 1 January 2021, relevant references to the EU and EU procurement legislation will either be updated or removed from the Public Contracts Scotland site where appropriate. This will be an ongoing process undertaken during the early part of 2021.

Despite the reference to the EU Directives embedded in the header of the Contract Notice, the EU Directives do not apply to this procurement.

The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

Any proposed use of sub-contractors will require to be approved by the Council and will be required to comply with the conditions listed within the Invitation To Tender document.

The Contracting Authority does not intend to include any community benefit requirements in this contract for the following reason:

The main purpose of the framework agreement is the supply and delivery of fuel to marine vessels including lifeline services.

One of the key requirements is security of supply to ensure that scheduled ferry services can be maintained for the benefit of the community.

Although not a contractual requirement, sub-contracting is allowed for in the procurement documents. It is considered that a further contractual obligation would not be conducive to achieving the best response from the market.
