Scope

Title

Provision of Telematic Equipment and Data Collection/Monitoring Services

Reference

P-30347

Description

The current contract provides telematics equipment for around 1802 vehicles, covering a broad range of equipment and vehicle types. These report on a significant range of data that is used to monitor performance, increase safety, provide location features and more.

We currently are seeking potential organisations to complete a market sounding questionnaire to determine the interest in organisations to undertake the future telematics service. This can be provided by emailing keeva.o'kane@defra.gov.uk requesting a copy.

The aims of this document is to;

- Give further information to interested organisations about the project
- Help the Agency determine if there is sufficient potential interest in bidding for the contract.
- Understand the capabilities of organisations who may be interested in undertaking this role
- Understand the technology and solutions available on the current market
