VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Extension of the term of the contract

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The Council is in the process of developing a new target operating model for the procurement team which will establish dedicated resources to support the professional services

category including agency workers. It was anticipated that this review and a new structure would be implemented in early 2020, however in seeking to ensure an effective response

to the global pandemic all restructures (including that of Procurement) were placed on hold under instruction from Human Resources

This pause prevented implementation of the Procurement target operating model and the appointment of the Professional Services category team. Consequently, this has prevented

the timely re-procurement of the framework for this worker category prior to the expiry date of 3rd September 2021. The pandemic could not have been foreseen by the Council

back in 2017.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £32,000,000

Total contract value after the modifications

Value excluding VAT: £32,000,000
