## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Provision of Learning Management System and Content Provider

Reference number

ONR/T858

#### **II.1.2) Main CPV code**

- 80420000 - E-learning services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

The Office for Nuclear Regulation (ONR) require a learning management system to provide access to all learning and development for staff and a limited number of external users. We would like the Learning Management System to integrate with a content provider, preferably directly or via a subcontracting arrangement, to provide staff access to a range of learning opportunities on a wide variety of content.

#### **II.1.5) Estimated total value**

Value excluding VAT: £150,000

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

Main site or place of performance

UNITED KINGDOM

## **II.2.4) Description of the procurement**

ONR require a supplier that can implement a new learning management system and migrate data from ONR's existing SaaS application. The learning management system must provide access for all ONR staff and a limited number of external users, to eLearning content, resources including pdf, word document and PowerPoint alongside the ability for individuals to book onto live events which are held both virtually and in person. The learning management system should be able to host externally created content in a range of file types including but not limited to SCORM and Tin Can. The learning management system should also have the functionality to link out to external sources of content such as YouTube.

The learning management system must be able to support users uploading evidence of external learning and downloading a record of their activity. Learners should be able to see where they are up to with learning and if they are required to complete any mandatory programmes.

The learning management system must contain the functionality for learners to attend programmes that are sequential in nature (for example module 2 must be completed after module 1) and where these are live events learners should be able to see all date/time options available to book.

The learning management system must have the ability for single sign on.

The content provider must be able to integrate fully with the learning management system and provide a wide range of accessible content that is curated for ONRs organisational needs. This must be kept up to date and relevant at all times.

The learning management system must allow ONR administrative capabilities where designated users can make configuration changes and produce a wide range of reports on activity, evaluations, attendance etc. ONR Administrators should also be able to create and manage users, events and content.

The learning management system must have the ability to issue reminders and calendar invitations to users where they are required to attend an event or have outstanding mandatory training to complete.

The supplier must provide a full range of services including but not limited to project management, account management, implementation, customisation, launch, support and maintenance across the full length of the contract.

The learning management system must be accessible to all ONR staff and a limited number of external users.

### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

36

This contract is subject to renewal

No

### **II.2.10) Information about variants**

Variants will be accepted: No

### **II.2.11) Information about options**

Options: No

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

### **II.2.14) Additional information**
