Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Conservation Architect Design Team Framework Agreement

Reference number

NLC-CPT-21-110

II.1.2) Main CPV code

• 71000000 - Architectural, construction, engineering and inspection services

II.1.3) Type of contract

Services

II.1.4) Short description

North Lanarkshire Council's (the Council) Growth Team are tasked with town centre regeneration across the North Lanarkshire geographic area. A programme to identify, purchase and reconfigure / repurpose town centres sites to primarily residential accommodation is ongoing however given the age and heritage of town centre buildings in North Lanarkshire, appropriate conservation of the buildings will be required.

Additionally, The Council has an approved programme to deliver 5,000 new homes by 2035. The Councils New Supply Team is responsible for the delivery of this large- scale programme and its challenges, not least, the procurement of design consultants and contractors to build the houses to the required standard, within the timescale required and at a competitive cost.

Accordingly, the Council intends to implement a framework agreement to enable appointment of multiple conservation architect consultants to lead a multi-disciplinary design team that includes (but not limited to) structural / civil engineers, quantity surveyors, and specialist surveyors as required (i.e., rot, asbestos, traffic, acoustic etc.) to provide a design for the conservation of selected buildings through the RIBA stages from 0-6. This approach should provide the Council with a direct route to market for future projects as and when they come to fruition.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £3,000,000

II.2) Description

II.2.3) Place of performance

NUTS codes

• UKM84 - North Lanarkshire

II.2.4) Description of the procurement

The Council requires the provision of Royal Incorporation of Architects in Scotland (RIAS) (or acceptable equivalent) conservation accredited architectural consultancy services associated with the design for the conversion of existing buildings and / or construction of new build housing including, but not limited to, the following areas:

- -Design and documentation services compatible with the RIBA plan of work 2020 stages 0 6 from initial feasibility through detailed design works; and
- -Contract administration services during site works and handover

The properties / sites being pursued by the Council for regeneration are primarily, but not exclusively, listed buildings and therefore the Council is looking for a conservation accredited architect to lead a design team through various RIBA stages depending on project specific requirements.

Additionally, the Framework Agreement may also require the provision of engineering consultancy services (sub-contracted as necessary) as required to complete the design for the conversion of existing buildings and / or construction of new build housing, specifically, but not limited to, the following disciplines:

Consultant's may also have the capability and capacity to fulfil the roles of contract administrator and principal designer in order to plan, manage, monitor and coordinate the pre-construction phase. This includes managing and mitigating any potential health and safety risks throughout the design process. Additional services as mutually agreed between the Council and Consultant may also be required.

Consultant's must be able to provide all roles and services stated within a Call-Off Contract. The primary contractual relationship will sit with the Council and the appointed Consultant; however, collateral warranties agreement may be required between the Consultants and any third-party sub-contractor (s) to support the delivery of Services.

Further information in regards to the scope of the Framework Agreement is detailed within condition 2.5 of the ITT document within the PCS-T System.

Yes

V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £3,000,000

Section VI. Complementary information

VI.3) Additional information

Following completion of the Procurement, it is the Council intention to appoint a maximum of six (6) Consultants within the Framework Agreement, this will be achieved by way of the appointing the Tenderers with the highest "Total Combined Score" (most economically advantageous tenders) within the Procurement to two decimal points.

The Council reserves the right to increase the number of Consultants appointed to the Framework Agreement where the Council considers this necessary to ensure sufficient competition and equal treatment of all Tenderers within the Procurement

Full details of the Council's approach to appointments within the Framework Agreement is detailed in condition 2.2 of the ITT Document.

Tenderers are encouraged to review and familiarise themselves with the ITT document located within the Supplier Attachment Area of the PCST System prior to submitting a Tender.

Bidders must complete the SPD (Scotland) within the Qualification Envelope of the PCST System as part of their submitted Tender. Further to Section III of this contract notice, the following minimum criteria will also apply:

Part II – Information Concerning the Bidder

A: Information About the Bidder;

B: Information About Representatives of the Bidder;

C: Information About Reliance on the Capacities of Other Entities; and

D: Information Concerning Sub-contractors on Whose Capacity the Bidder Does Not Rely.

Minimum level(s) of standards required:

The information required in Part II of the SPD (Scotland) is for information only and therefore will not be assessed however the Councils may choose not to select a Bidder that cannot provide basic company information.

Bidders should ensure that they submit appropriate SPD (Scotland) completed by other members of the group, if they are bidding as part of a group, others on whose capacity they rely, and known subcontractors on whose capacity they do not rely on, to satisfy any aspect of the SPD (Scotland).

Part III - Exclusion Grounds

Minimum level(s) of standards required:

Bidders will be assessed as a FAIL and will be excluded from the Procurement if they detail

that they are in any of the situations referred to in regulation 7 to 13 assessed in accordance with regulation 58 of the Public Contracts (Scotland) Regulations 2015

Part VI – Concluding statements

Minimum level(s) of standards required:

Bidders unable to complete this part of the SPD (Scotland) may be excluded from the Procurement.

All Tenderers must complete the Qualification, Technical and Commercial Envelopes within the PCS-T System as instructed.

Late Tenders will not be considered under any circumstances.

The Council will not provide additional notification to any Bidder of the rejection of a late Tender.

For the avoidance of any doubt, automated messages confirming receipt of a Tender should not be taken to imply acceptance of it by the Council.

The complete Tender (complete with SPD (Scotland)) should be submitted in accordance with the instructions given with the Form of Tender signed by an authorised representative i.e. company director or secretary (as registered within Companies House) or by a person authorised by the Bidder to do so.

The Council reserves the right to exclude any unclear, erroneous, qualified and / or incomplete Tenders received.

(SC Ref:698183)

VI.4) Procedures for review

VI.4.1) Review body

Scottish Courts

Edinburgh

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

An economic operator that suffers, or is at risk of suffering, loss or damage attributable to a breach of duty under the Public Contracts (Scotland) Regulations 2015 or the Procurement Reform (Scotland) Act 2014, may bring proceedings in the Sheriff Court or the Court of Session.
