This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKI4 - Inner London – East

Main site or place of performance

Inner London – East

II.2.4) Description of the procurement

This notice follows a Prior Indication Notice published on. We are now opening the competition and tenderers can access the PQQ document pack.

This contract is for the tenant fitout of the new Victoria & Albert East Museum, which forms part of the wider East Bank development. The scope of works is to provide the "white Box" fitout, which will include the installation of flooring, ceilings, non-structural partitions, 1st, and 2nd Fix MEP fittings, along with the tenant FFE installation and other items.

This procurement will be carried out using the "Restricted Procedure" as provided for in the Public Contracts Regulations. This is a two stage process with a Selection stage followed by an Award Stage. Tenders invited at the Award Stage will be issued only to those limited number of tenderers that are successful at the Selection Stage.

The contract will be tendered via a 2-stage process and upon completion of a pre-construction services period, the aim is that the V&A and the successful tenderer will enter into a JCT 2016 Design and Build contract (with amendments).

V&A East sits within the wider Stratford Waterfront project. Therefore, during the fitout works areas directly outside of the building will be under the contract of the shell and core contractor, Mace Limited. The fitout contractor will therefore need to develop a phasing and logistics strategy in line with the constraints of the wider Mace site. It is currently envisaged that during the fitout contract, the responsibility for the control of areas outside of the V&A East may change.

For clarity, the galleries installation is not included as part of this contract.

The estimated contract value is at present £8,000,000 - £10,000,000 (GBP) which is, for the avoidance of doubt, an estimate only.

Award criteria for the second stage of the procurement process will be based on a 70% quality 30% price split.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 October 2022

End date

31 July 2023

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The option to value engineer and make reasonable amendments to the scope relating to the project

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
