Description

We are looking to commission an Occupational Therapy Service to be the single point for children and young people Social Care assessments. The aim of the service is to meet statutory provision to help children and young people remain at home, cared for by their families and enable them to be as independent as possible. The assessments include equipment and home adaptations by accessing the Disabled Facilities Grant. As part of this, we would like to invite potential providers to meet with us over the coming weeks to discuss how they might approach delivery of this service, with a view to launching an open tender process in May 2026.
