Services

II.1.4) Short description

We are looking to appoint an Architect to act as Lead Designer for Energy Revolution, who will directly sub-contract or undertake the duties of Exhibition Designer, Lighting Designer and Graphic Designer.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKI - London

II.2.4) Description of the procurement

Following a successful 10 year run the Science Museum is redeveloping the Atmosphere gallery in the museum's Wellcome Wing with a new gallery 'Energy Revolution'. The Wellcome Wing was completed in 2000 to showcase contemporary science whilst the Atmosphere gallery was created in collaboration with Casson Mann in 2010 to explain climate change via extensive and highly integrated digital media, which has been seen by more than 5,000,000 visitors. The story of climate science has now

dramatically moved on, as has the digital technology that the gallery was founded upon. We have an exciting opportunity to tell this urgent story in a way that reflects the museum's award-winning visitor experience as well as its ambitious journey towards Net Zero by 2033. We are looking to appoint an Architect to act as Lead Designer for Energy Revolution, who will directly sub-contract or undertake the duties of Exhibition Designer, Lighting Designer and Graphic Designer. All other members of the Design Team will be procured on separate contracts.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

26

This contract is subject to renewal

No
