Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Supply and Delivery of Laboratory Bottles and Containers

Reference number

PRO004585

II.1.2) Main CPV code

- 33790000 - Laboratory, hygienic or pharmaceutical glassware

II.1.3) Type of contract

Supplies

II.1.4) Short description

The Company needs to purchase a selection of laboratory bottles and containers in order to undertake sampling and analysis of water and wastewater across the North West. The bottles and containers are required for the collection of water and wastewater samples in accordance with operational and regulatory sampling frequencies. The collected samples are then transported to the central laboratory at Lingley Mere for analysis. The Scientific Services team undertake the analysis of various water and wastewater samples for both United Utilities and in some cases external organisations. They have a commitment to provide a high quality analytical service with rapid turnaround and reporting of results. High standards of service are necessary to satisfy the demands of the water and waste water industry regulators and the needs of our internal and external customers.

II.1.5) Estimated total value

Value excluding VAT: £1,800,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 33793000 - Laboratory glassware
- 39180000 - Laboratory furniture
- 38437000 - Laboratory pipettes and accessories
- 71900000 - Laboratory services

II.2.3) Place of performance

NUTS codes

- UKD - North West (England)

Main site or place of performance

Warrington Lingley Mere

II.2.4) Description of the procurement

United Utilities Laboratory Services have a commitment to provide a high quality analytical service with rapid turnaround and reporting of results. High standards of service are necessary to satisfy the demands of the water industry regulators and the needs of our internal and external customers. It is essential to the provision of this service that the levels of performance detailed within this document are adhered to during the agreement period.

The Company operates a large UKAS accredited water and wastewater testing laboratory at its Lingley Mere site in Warrington. In addition to the demand from the laboratory there are requirements from many sites within the United Utilities operational area for general consumables, in particular for this procurement, bottles and containers.

The items listed in the Schedule of Prices represent the items used on a routine basis. It should be noted however that due to the nature of United Utilities' business the estimated annual usage is not a guarantee of turnover. This may result in either more or less of each item being consumed within the year. It is expected that the supplier will accommodate these fluctuations to ensure availability of the items specified.

This Framework Agreement is for the supply and delivery of Laboratory Bottles and Containers to the United Utilities labs at the Lingley Mere site.

The Goods are required for the collection and analysis of potable and wastewater samples to comply with operational and regulatory sampling frequencies.

It is critical that the Goods used for all analysis contain no analytes that will either contribute to or detract from the correct concentration. All bottles used must undergo a

series of validation exercises to determine suitability.

The Supplier must be capable of delivering the following features as part of the Goods provision:

1. Batch numbers on the Goods

2. Expiry dates on Goods

3. Microbiology bottles (Goods) are pre-dosed with sodium thiosulphate, irradiated and with a tamper seal across the neck and bottle top. Certificates of irradiation are supplied with each batch number

4. Supplying above microbiology bottles (Goods) containing sterile water

5. Supplying Goods containing sample preservatives such as Nitric or Sodium Thiosulphate

6. Goods containing preservatives to be labelled with substance, concentration and hazard label if applicable

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £1,800,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

84

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions
