#### **II.1.4) Short description**

Southern Water are looking to significantly and rapidly improve the visibility of the gravity wastewater network. We plan to achieve this by installing 10,000's (up to 30,000 across Kent, East and West Sussex, Hampshire and the Isle of Wight) of sewer monitors and developing in parallel the associated analytics to make appropriate and effective use of the additional information to prevent sewer blockages developing into a pollution or flooding incident.

Therefore the objective of this tender is to ensure that the successful Tenderer(s) can deliver the full scope of the work to provide sewer level monitors across SWS's requirements. In bidding for this tender, you are confirming you are able to undertake the production of sewer level monitors and associated services, Appendix A. SLM Device Requirements. Up to 5 Tenderers will be awarded a place on the Framework. Please refer to the associated Contract and Framework Agreement (Contract / Framework Agreement including Schedules) for further details on general requirements in order to respond to this Tender.
