- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

Award of a Contract without prior publication of a call for competition in accordance with PCR2015 Regulation 32 (2)(b)(ii) competition is absent for technical reasons.

This provides a bridging arrangement to enable UK SBS to continue to provide essential shared services including HR, Finance and Payroll to approximately 25,000 UKRI & fBEIS staff, payments to suppliers and pensioners during the implementation of the competitively tendered Cloud ERP system for UKRI under the SHARP programme and the transitioning to a new Cloud ERP platform via the Matrix programme for fBEIS.

The services can only be supplied by Oracle owing to technical reasons. There is no reasonable alternative or substitute for the following reasons.

- The on-premise Oracle system (eBS) is in place currently.

- Transition to the replacement Cloud based ERP system is already underway for UKRI with the SHARP Programme which was competitively tendered in 2022 and is currently in the process of implementation. The departments formally part of BEIS (now Department for Business and Trade (DBT), the Department for Energy Security and Net Zero (DESNZ) and the Department for Science, Innovation and Technology (DSIT)) are part of the Matrix Cluster and are soon to commence a procurement exercise for their requirements with implementation commencing in 2024 through to 2026.
