Scope

Description

STFC is seeking to establish a construction-related professional partnership to support its proposed estate transformation programme. STFC is a world-leading research and innovation organisation, with a unique role within UK Research and Innovation (UKRI). UKRI is a non-departmental public body sponsored by the Department for Science, Innovation and Technology (DSIT). This will be a national contract covering Rutherford Appleton Laboratory and The Cosener's House, Oxfordshire, Chilbolton Observatory, Stockbridge, Daresbury Laboratory, Warrington, The Royal Observatory, Edinburgh, and Boulby Underground Laboratory, Cleveland.

STFC is seeking to establish a construction-related professional partnership to support its proposed estate transformation programme. This will be a national contract covering Rutherford Appleton Laboratory and The Cosener's House, Oxfordshire, Chilbolton Observatory, Stockbridge, Daresbury Laboratory, Warrington, The Royal Observatory, Edinburgh, and Boulby Underground Laboratory, Cleveland. STFC have identified an investment programme to address backlog maintenance, future growth and decarbonisation of its buildings and infrastructure. The programme is national, valued at approximately £120m per year and is expected to span around 15 years. STFC is seeking to engage a single partner to lead the programme, which will consist of multiple national projects running concurrently. The partner will be expected to provide programme, project,

cost, and carbon management expertise while working collaboratively with STFC's internal estates leadership and teams.
