II.1) Scope of the procurement

II.1.1) Title

Homes England - Soft Market Testing - Built Environment Professionals Recruitment Modelling and Management

Reference number

DN560749

II.1.2) Main CPV code

- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

II.1.3) Type of contract

Services

II.1.4) Short description

The Prior Information Notice ("PIN") is not a call to competition. The purpose of this PIN is to invite potential suppliers to participate in a market testing exercise to assist Homes England in the design of the future service and our requirements.

This market testing exercise consists of an Information Document "DN560749 - Soft Market testing - Draft Spec.docx" which includes a questionnaire to be completed by potential suppliers.

Further information can be accessed via Home England's e-Tendering system. Those wishing to download and return a questionnaire for this opportunity must register their expression of interest and submit their response through our e-Tendering system.

If not already registered, interested parties should register at <https://procontract.due-orth.com/Login>

Responses are required by the deadline of Midday 18/08/2021

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)
- UKD - North West (England)
- UKE - Yorkshire and the Humber
- UKF - East Midlands (England)
- UKG - West Midlands (England)
- UKH - East of England
- UKI - London

- UKJ - South East (England)
- UKK - South West (England)

II.2.4) Description of the procurement

We know that attracting and retaining property professionals with broad industry knowledge and expertise who can be deployed to work on other regeneration and housing growth initiatives are a significant barrier to housing delivery. We are looking to address these skills gaps pragmatically and build capacity in an effective and cost-efficient way within the local government sector.

The purpose of this exercise is to test the market and understand if there are suppliers who can meet this challenge by designing a model, which after an initial injection of funding for set up costs, can become self-sustaining. The model must meet the requirements, outputs and milestones set out below, which in summary includes:

1. Identifying a region outside of London & South East
2. Place a minimum of 22 build environment practitioners on placements of 12+ months,
3. Developing a way of identifying potential Local Government Authorities (Authorities) placements and recruiting a cohort to place in roles within the selected region
4. Creating a learning and development programme to encourage the sharing of information across the candidates and Authorities in the region,
5. Devising a programme to support candidates through their placement lifecycle, and
6. Developing evaluation and success factors to monitor the project's performance and success.

Further information can be accessed via Home England's e-Tendering system. Those wishing to download and return a questionnaire for this opportunity must register their expression of interest and submit their response through our e-Tendering system.

If not already registered, interested parties should register at <https://procontract.due-orth.com/Login>

Responses are required by the deadline of Midday 18/08/2021

II.3) Estimated date of publication of contract notice

1 October 2021
