I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Concession contract for supply of Electric Vehicle Charging Infrastructure and Associated Services

Reference number

ERFX1001622

II.1.2) Main CPV code

- 60000000 - Transport services (excl. Waste transport)

II.1.3) Type of contract

Services

II.1.4) Short description

Concession contract for supply of Electric Vehicle Charging Infrastructure and Associated Services for Somerset Council.

A tender for a concession contract for the supply of Electric Vehicle Charging Infrastructure and Associated Services for Somerset Council was published on 10 February 2025, FTS ref 2025/S 000-004293.

National Grid (NGED), the principal Distribution Network Operator in Somerset, previously advised that the infrastructure and earthing requirements for connecting to the unmetered cable supply of existing lamp columns would prohibit the installation of chargepoints or satellite charging bollards in Somerset. In April, Somerset Council was informed about the introduction of the NGED Standard Document SD5F/1 which simplifies connections for both installers and distribution network operators.

As a consequence of this advice the procedure for connecting multiple small low voltage connections (metered or unmetered) with a demand of up to 5.75 kVA, will now be permitted if the relevant demand criteria are met. Somerset Council has issued amendments to the documentation to reflect these changes, and the tender deadline has therefore been extended to 12 Noon, Friday 13 June 2025.

II.1.6) Information about lots

This concession is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31158000 - Chargers
- 31681500 - Rechargers
