This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKD - North West (England)

Main site or place of performance

NORTH WEST (ENGLAND)

II.2.4) Description of the procurement

Torus has obtained funding from the Social Housing Decarbonation Fund (SHDF) to carry out retrofit and cyclical decoration works to 59 Torus owned properties in Haydock, St.Helens, which have been identified as being in need of improved insulation. A fabric first approach will be adopted, with the works consisting of:-

- External Wall Insulation (or alternative insulation where applicable)
- Ventilation
- Solar PV
- Window and Door Replacement (as required)

- Battery Storage
- Communal Decorations/Rebranding
- Cyclical Decorations

The main aim of the project is to tackle fuel poverty, ensure that all properties are free from damp and mould and achieve a minimum EPC band C rating. This project will contribute significantly to the national target of achieving an 80% reduction in emissions from domestic housing by 2050. SHDF funding conditions stipulate that all works must comply with the PAS2035 retrofit standard, with the installer being required to hold the relevant PAS accreditation. Further, work on this project must be completed by March 2024 meaning that the successful tenderer must be ready and able to mobilise quickly.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

6

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: Yes

Identification of the project

SHDF

Section IV. Procedure
