II.2.4) Description of the procurement

The Government is clear that no one should be without a roof over their head and has a clear manifesto commitment to end rough sleeping this Parliament.

We would like to enable the public to support people sleeping rough by providing an easy-to-use, nationally available digital service that operates 24/7 for members of the public to use to make an alert to the relevant outreach team about someone they see sleeping rough. The service should provide helpful information to local outreach workers to quickly find individuals in their area who are sleeping rough and enable Local Authorities to engage with the public on local rough sleeping support.

We are seeking to procure a Supplier(s) to work closely with DLUHC's homelessness and rough sleeping team on delivering a new and improved service.

More information to be found within the PTME Document available within the Contracts Finder notice.

II.3) Estimated date of publication of contract notice
