Description

The Authority has a requirement for the repair and painting of 3 x bridges at The Lee Valley White Water Centre. The bridges are suffering from the normal effects of wear and tear and need some miscellaneous repairs. Some of the paintwork on and under all of the bridges looks jaded, and in certain areas is missing or flaking. This in turn has led to certain areas of bare metal interacting with the elements, such as wind / rain / splashes from the white-water course, and some rusting has started to occur.
