Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Emergency Services Network (ESN) — Lot 3 Mobile Services — Contract Variation

Reference number

C9264/C21547

II.1.2) Main CPV code

- 64200000 - Telecommunications services

II.1.3) Type of contract

Services

II.2) Description

II.2.1) Title

Emergency Services Network (ESN) — Lot 3 Mobile Services — Contract Variation

Lot No

3

II.2.2) Additional CPV code(s)

- 32000000 - Radio, television, communication, telecommunication and related equipment
- 32523000 - Telecommunications facilities
- 45232332 - Ancillary works for telecommunications
- 45314000 - Installation of telecommunications equipment
- 48200000 - Networking, Internet and intranet software package
- 50312300 - Maintenance and repair of data network equipment
- 50312600 - Maintenance and repair of information technology equipment
- 50330000 - Maintenance services of telecommunications equipment
- 50334400 - Communications system maintenance services
- 51000000 - Installation services (except software)
- 64212000 - Mobile-telephone services
- 64225000 - Air-to-ground telecommunications services
- 72000000 - IT services: consulting, software development, Internet and support
- 72253000 - Helpdesk and support services
- 72253200 - Systems support services
- 72315000 - Data network management and support services
- 72318000 - Data transmission services
- 72322000 - Data management services
- 98110000 - Services furnished by business, professional and specialist organisations

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Section VII: Modifications to the contract/concession

VII.1) Description of the procurement after the modifications

VII.1.1) Main CPV code

- 64200000 - Telecommunications services

VII.1.2) Additional CPV code(s)

- 32000000 - Radio, television, communication, telecommunication and related equipment
- 32523000 - Telecommunications facilities
- 45232332 - Ancillary works for telecommunications
- 45314000 - Installation of telecommunications equipment

VII.1.3) Place of performance

NUTS code

- UK - United Kingdom

VII.1.4) Description of the procurement:

Backhaul transmission services to connect the Authority's 292 mast sites in the extended area (being the parts of Great Britain outside the primary area in which the Lot 3 supplier has mast sites) to the Lot 3 supplier's ESN core network and to SRN MNO's core networks.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

End date

31 December 2024

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£681,400,000

VII.1.7) Name and address of the contractor/concessionaire

EE Ltd

Trident Place, Mosquito Way

Hatfield

AL10 9BW

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Backhaul transmission services to connect the Authority's 292 mast sites in the extended area (being the parts of Great Britain outside the primary area in which the Lot 3 supplier has mast sites) to the Lot 3 supplier's ESN core network and to SRN MNO's core networks.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Three different backhaul types are required to be able to serve all such sites: fibre leased lines, microwave and satellite connections. Solutions for each have already been developed, tested and validated for ESN services in the primary area; repeating that work, in particular

for satellite, for different solutions in the extended area would have a substantial cost and time impact. An alternative provider would also require connectivity into the Lot 3 supplier's ESN core network, again duplicating work already carried out with the Lot 3 supplier with the associated additional cost.

The Lot 3 supplier monitors and manages the ESN equipment connected to each end of the backhaul link in the extended area as it does for all equipment and the backhaul links in the primary area. Use of a different backhaul supplier in the extended area would require development of new operational processes and result in duplication of service management and fault diagnosis effort and cost.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £787,150,000

Total contract value after the modifications

Value excluding VAT: £826,750,000
