Section I: Contracting authority

I.1) Name and addresses

Birmingham City Council

10 Woodcock Street

Birmingham

B4 7WB

Email

cps@birmingham.gov.uk

Country

United Kingdom

NUTS code

UKG3 - West Midlands

Internet address(es)

Main address

www.birmingham.gov.uk

Buyer's address

www.in-tendhost.co.uk/birminghamcc

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Market Engagement - Approved Installer List in relation to Scaling up Retrofit through ECO and GBIS

Reference number

P2203

II.1.2) Main CPV code

- 71314000 - Energy and related services

II.1.3) Type of contract

Services

II.1.4) Short description

This prior information notice is for Information only and is being published on a strictly voluntary basis. This is not a call for competition and there is no guarantee of any future procurement activity. Birmingham City Council is exploring the opportunity to create an Approved Installer List of suitably experienced retrofit installation companies with specific expertise in delivery of Energy Company Obligations and the Great British Insulation Scheme under a concession arrangement. Neither the Council nor households shall provide any funding towards the retrofit measures. With ECO and GBIS the installers are required to deliver the retrofit improvement measures and apply for funding to the relevant organisations/body. The Council are planning a market engagement event to provide the opportunity for interested installers to learn more about the outcomes the Council are looking to achieve and feed in their views about the approach.

II.1.5) Estimated total value

Value excluding VAT: £265,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45331110 - Boiler installation work
- 45453100 - Refurbishment work
- 45320000 - Insulation work
- 98391000 - Decommissioning services
- 42511110 - Heat pumps
- 09332000 - Solar installation
- 71315300 - Building surveying services
- 45321000 - Thermal insulation work
- 71314300 - Energy-efficiency consultancy services
- 45331210 - Ventilation installation work
- 45331100 - Central-heating installation work
- 71315000 - Building services
- 45331000 - Heating, ventilation and air-conditioning installation work
- 45262700 - Building alteration work
- 45421100 - Installation of doors and windows and related components
- 42160000 - Boiler installations
- 45315000 - Electrical installation work of heating and other electrical building-equipment
- 50721000 - Commissioning of heating installations

II.2.3) Place of performance

NUTS codes

- UKG3 - West Midlands

II.2.4) Description of the procurement

Birmingham City Council is exploring the opportunity to create an Approved Installer List of suitably experienced retrofit installation companies with specific expertise in delivery of Energy Company Obligations and the Great British Insulation Scheme. The Council anticipates appointing a maximum of five installers onto the approved installer list. The

Council's ambition is that installers deliver retrofit measures across 3000 properties in the City of Birmingham per annum. Through the Energy Company Obligations programme there is significant opportunity to increase fully funded investment into retrofitting the most inefficient homes of all tenures across the city. The Council is seeking to facilitate an increase in the number of properties which can be benefited through the schemes. It is anticipated that an area approach will be taken with each installer being responsible for a section of the city. The services required relate to all eligible tenures. Installers will be required to market, develop, deliver and manage a holistic service (from application to completion) for households. The retrofit measures that are expected to be delivered by successful installers are those eligible through the ECO and GBIS programmes (the scope and measures will be flexible to accommodate future changes to the ECO/GBIS provisions or other Government led funded schemes of a similar energy company obligation nature). Retrofit measures may include, but are not limited to; insulation works, low carbon heating systems, renewable energy installations, heating system upgrades and repairs, glazing and doors, draught proofing, flood risk appropriate measures (e.g., suitable insulation for properties at risk of flooding) and other associated enabling or 'trigger point' building works. The Council is looking to secure an annual fee from each installer. This fee will be used to cover the Council's costs in targeting and promoting ECO and GBIS funded measures in Birmingham, verifying household eligibility, signing declarations, notifying Ofgem, and liaising with DESNZ. We invite all interested organisations to a virtual market engagement event via MS Teams on the 17th July 2024 from 9.30 to 11:30 GMT. To book a place at this event, please complete the online booking form (MS Forms) by no later than 5.00 p.m. on Monday 15th July 2024 by copying and pasting the following web link into your web browser: Birmingham City Council - P2203 Approved Installer List in relation to Scaling up Retrofit ([office.com](https://forms.office.com/Pages/DesignPageV2.aspx?prevorigin=shell&origin=NeoPortalPage&subpage=design&id=Z86aaeTSzUuzA9K74rm78WaZjyJQhqdMv9qbgpTTL_FUNTgxMkIXUDlaUTI4VjhJR0pXVEU2Uk40Uj4u)) (https://forms.office.com/Pages/DesignPageV2.aspx?prevorigin=shell&origin=NeoPortalPage&subpage=design&id=Z86aaeTSzUuzA9K74rm78WaZjyJQhqdMv9qbgpTTL_FUNTgxMkIXUDlaUTI4VjhJR0pXVEU2Uk40Uj4u) This event will take place virtually with further information being sent nearer the time. A maximum of two representatives per organisation will be able to attend.

II.3) Estimated date of publication of contract notice

2 August 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
