II.1.4) Short description of the contract or purchase(s)

Repair and maintenance services of security and defence materials. The Lithuanian Navy is looking to expand its fleet of Hunt Class Mine Counter Measures Vessel (MCMV) via procurement of a legacy hull from the Royal Navy and regeneration of said hull to an agreed operational state, closely aligned to the Lithuanian Skavis Class vessels currently in service with the LTU Navy. The scope of this project is for a single entity to deliver the regenerated vessel, with stated mission and sonar systems to an agreed operational condition. Prior to award of the contract, ownership of the vessel will pass to LTU. DESA is the contracting authority that will procure and enter into the contract. Immediately upon signature, the contract shall be novated to the Lithuanian Ministry of National Defence (LTU Defence Materiel Agency). From this point, LTU MND will become the contracting authority.
