Scope

Description

The Guinness Partnership (TGP) is seeking to establish a multidisciplinary framework to deliver a range of development consultancy services across its nationwide portfolio. The framework will support the delivery of affordable housing, building safety, and regeneration projects, and will cover the following service areas:

- Employer's Agent - including contract administration, project management, and procurement advice.
- Cost Consultancy - full financial management of projects, including budgeting, tender review, and value engineering.
- CDM Advisor and Principal Designer - ensuring compliance with Construction Design and Management Regulations and promoting health and safety throughout the lifecycle of the works.

These services will be required across England, with a focus on key regions such as Greater Manchester, London, Brighton, Milton Keynes, Bristol, Gloucester, and Leeds. Flexibility and strong regional coverage are essential due to TGP's dispersed housing stock.

Commercial tool

Establishes an open framework

A series of frameworks with substantially the same terms. Awarded suppliers are carried over and new suppliers can bid.

Total value (estimated)

- £33,300,000 excluding VAT
- £39,960,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 November 2025 to 31 October 2028
- Possible extension to 31 October 2033
- 8 years

Description of possible extension:

The contract will be for an initial term of 3 years, with the option for Guinness to extend at its sole discretion by a further 3 years, followed by an additional 2-year extension, giving a maximum total term of 8 years (the Term).

Lot 1. Employer's Agent & Cost Consultancy (North Region)

Description

This lot is designed to secure suppliers with the combined capability to deliver both cost consultancy and Employer's Agent services, offering clients a single, coordinated approach to project delivery and financial management for the North Region of England.

Employer's Agent Service Objectives:

Deliver end-to-end contract administration, project management, and consultancy services to support the successful delivery of construction projects, including advising on procurement strategies and tendering approaches.

Oversee all project phases from inception to completion, ensuring strict compliance with contractual obligations, regulatory standards, and the Employer's requirements.

Where required, provide integrated cost consultancy to maintain robust financial oversight and ensure value for money throughout the project lifecycle.

Facilitate proactive coordination among all stakeholders to uphold quality, control costs, meet programme targets, and effectively manage risks and project changes.

Explore and implement opportunities to integrate cost consultancy within the Employer's Agent role for comprehensive project support.

Cost Consultancy Service Objectives:

Manage all financial aspects of the project, including the preparation of cost plans, cashflow forecasts, and payment schedules.

Ensure accuracy and consistency in project documentation, review tenders for discrepancies, and negotiate with contractors to secure best value.

Advise on design, life-cycle, and operational costs, monitor budgets, and ensure adherence to financial constraints.

Lead value management initiatives, provide commercial contract advice, participate in progress meetings, and oversee financial reporting to ensure projects are delivered within budget and aligned with financial objectives.

Lot value (estimated)

- £8,955,000 excluding VAT
- £10,746,000 including VAT

Framework lot values may be shared with other lots

Lot 2. Employer's Agent & Cost Consultancy (South-East Region)

Description

This lot is designed to secure suppliers with the combined capability to deliver both cost consultancy and Employer's Agent services, offering clients a single, coordinated approach to project delivery and financial management for the South-East Region of England.

Employer's Agent Service Objectives:

Deliver end-to-end contract administration, project management, and consultancy services to support the successful delivery of construction projects, including advising on procurement strategies and tendering approaches.

Oversee all project phases from inception to completion, ensuring strict compliance with contractual obligations, regulatory standards, and the Employer's requirements.

Where required, provide integrated cost consultancy to maintain robust financial oversight and ensure value for money throughout the project lifecycle.

Facilitate proactive coordination among all stakeholders to uphold quality, control costs, meet programme targets, and effectively manage risks and project changes.

Lot 3. Employer's Agent & Cost Consultancy (South-West Region)

Description

This lot is designed to secure suppliers with the combined capability to deliver both cost consultancy and Employer's Agent services, offering clients a single, coordinated

approach to project delivery and financial management for the South-West Region of England.

Employer's Agent Service Objectives:

Deliver end-to-end contract administration, project management, and consultancy services to support the successful delivery of construction projects, including advising on procurement strategies and tendering approaches.

Oversee all project phases from inception to completion, ensuring strict compliance with contractual obligations, regulatory standards, and the Employer's requirements.

Where required, provide integrated cost consultancy to maintain robust financial oversight and ensure value for money throughout the project lifecycle.

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

This tender process will consist of two stages:

- Stage 1 - Procurement Specific Questionnaire (PSQ) - This current stage of the process will provide a means of shortlisting suppliers to be invited to submit a formal tender, and for establishing that all Participants invited to tender are able to meet the conditions of participation, including any minimum standards required by Guinness.
- Stage 2 - Invitation to Tender (ITT): Shortlisted Participants will be invited to submit a tender. This process will be a single-stage tender process requiring a price and quality submission in a format specified by Guinness. The draft ITT documents are included within this document pack for information, however, must not be responded to unless you are formally invited to submit a tender by Guinness

Justification for not publishing a preliminary market engagement notice

Not Applicable - A previous Preliminary Engagement Notice (UK2) Procurement identifier (OCID): ocids-h6vhtk-04e95b was issued and linked to a tender notice. However, the

tender notice was cancelled via a Notice to Terminate Procurement due to a numerical error in the tender value. This issue is being corrected, and a new tender notice will be issued. As the original tender notice was cancelled, it is not possible to link the prior Preliminary Engagement Notice to the new tender notice.
