Options: Yes

Description of options

further option to extend for 1+1+1 years.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

DVLA needs to ensure continuity of service with the ability to maintain returned address accuracy. Current priorities are focused on transforming and replacing the legacy business systems which provide more tangible services to the public, rather than the utility services that support them. QAS is still required for the remaining legacy services until they have been transformed. DVLA architectures view is that it is too complex to integrate legacy business services with OSL addressing (once it is built).

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
