II.1.4) Short description

South East London Clinical Commissioning Group (on behalf of all London CCGs) have stated their intention to commission a provider to provide a comprehensive end-to-end commissioning support service to London CCGs for purchased health care for Continuing Healthcare in Care Homes and Domiciliary Care. Both services will be commissioned under a single contract.

The AQP is in place to provide a consistent approach for CCGs to manage the market for care home beds providing a price which is fair and equitable, allowing for a more sustainable provision both financially and non-financially including quality of provision.

NHS CHC refers to a package of on-going care that is arranged and funded by the NHS where a person has a “primary health need” - this care takes the form of a care home placement. Individuals are assessed according to their needs (not on their condition or diagnosis) and if eligible the NHS fund all the health and ‘social care’/personal care costs.

London CCGs uses an Any Qualified Provider (AQP) Framework to place individuals eligible for continuing healthcare who have standard Continuing Healthcare needs. The Framework does not cover specialist providers. The Framework has been successful in delivering improvements in quality and achieving savings for standard CHC packages of care. The AQP Framework is supported by an online quality monitoring and capacity management system (CMS).

II.2.4) Description of the procurement

South East London Clinical Commissioning Group (on behalf of all London CCGs) have stated their intention to commission a provider to provide a comprehensive end-to-end commissioning support service to London CCGs for purchased health care for Continuing Healthcare in Care Homes and Domiciliary Care. Both services will be commissioned under a single contract.

The current AQP is in place to provide a consistent approach for CCGs to manage the market for care home beds providing a price which is fair and equitable, allowing for a more sustainable provision both financially and non-financially including quality of provision.

NHS CHC refers to a package of on-going care that is arranged and funded by the NHS where a person has a “primary health need” - this care takes the form of a care home placement. Individuals are assessed according to their needs (not on their condition or diagnosis) and if eligible the NHS fund all the health and ‘social care’/personal care costs.

London CCGs use an Any Qualified Provider (AQP) Framework to place individuals eligible for continuing healthcare who have standard Continuing Healthcare needs. The Framework does not cover specialist providers. The Framework has been successful in delivering improvements in quality and achieving savings for standard CHC packages of care. The AQP Framework is supported by an online quality monitoring and capacity management system (CMS).

The CCGs are seeking bids from suitably qualified and experienced continuing healthcare commissioning support service providers who can provide demonstrable evidence of a record of accomplishment in delivering high quality and effective continuing healthcare

commissioning support services.

Both services under the new contract must be operational by the 1st of April 2022.

The maximum contract term is 4 years (3yrs + 1yr optional extension), the indicative value over the initial 3-year contract period is (£2.31-2.89 million). The values stated are inclusive of irrecoverable VAT.

Interested Bidders must access the ITT documentation via the link provided and submit a ITT response via the online questionnaires on the e-Tendering portal 'ProContract' before the submission deadline stipulated. See the procurement documentation (ITT Document 1 - Guidance Document) for more details.

Please see the ITT Document pack available via the tender portal for more information.

Any expenditure, work or effort undertaken prior to contract award is accordingly a matter solely for the commercial judgment of potential service providers. In such circumstances, and in any event, the CCG or its advisors shall not be liable for any costs or loss of expenses whatsoever incurred by the respondent and company, agent, subsidiary or organisation may have contributed to any response submitted to this notice. The ITT reference for this tender is PRJ979.

Interested parties wishing to participate must register on ProContract <https://procontract.due-north.com/> as a supplier and register an interest in this Procurement. (If you are already registered as a supplier, you will not need to register again, simply use your existing username and password to log into ProContract to register an interest).

All completed bids must be submitted by 12 noon on Friday 10th September 2021. The Procurement process is facilitated entirely online via the stated e-procurement portal ProContract (the Portal). Interested Bidders must access the ITT documentation via the link provided and submit a ITT response via the online questionnaires on the e-Tendering portal 'ProContract' before the submission deadline. See the procurement documentation for more details. The ITT can be found at <https://procontract.due-north.com/Login>. The CCGs will adopt the Open for this procurement, and the tendering process will be conducted in accordance with the requirements of the Public Contracts Regulations 2015.

In line with the Health and Care Bill it is envisaged that CCGs will be abolished and replaced by Integrated Care Boards (ICBs). Any reference to CCGs as Contracting Authorities in this procurement should be interpreted as referring to the ICBs that will take their place in due course.
