I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

CPH043 Derbyshire NHS Health Check Programme

Reference number

DN621297

II.1.2) Main CPV code

- 85000000 - Health and social work services

II.1.3) Type of contract

Services

II.1.4) Short description

Derbyshire GP practices to manage and deliver The NHS Health Check Programme for a period of 2 years from 1st April 2023 for a period of two years up to 31 March 2025.

The NHS Health Check programme aims to prevent heart disease, stroke, type 2 diabetes, kidney disease, and raise awareness of dementia and alcohol harm both across the population and within high risk and vulnerable groups within Derbyshire. In April 2013 the NHS Health Check became a statutory public health service in England. Local authorities are responsible for making provision to offer an NHS Health Check to eligible individuals aged 40-74 years once every five years as set out in regulations 4 and 5 of the Local Authorities (Public Health Functions and Entry to Premises by Local Healthwatch Representatives) Regulations 2013, S.I. 2013/351

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

There is currently no assured alternative way to systematically identify the eligible population and therefore ensure coverage to achieve the Council's mandate, due to the need to access the patients' record as Derbyshire GP's are not willing to share their data with other providers to undertake NHS Health Checks and therefore for technical reasons competition is absent.

Obtaining data via NHS digital, only provides limited amounts of information (not as comprehensive as the data held by GPs) and will limit outcomes and patient uptake due to the technical data constraints. Furthermore, this alternative would not achieve best value and also risk compromising the Council's duties under Reg 4(6) The Local Authorities (Public Health Functions and Entry to Premises by Local Healthwatch Representatives) Regulations 2013). Health Checks, Reg 4 (6) requires the Council "In discharging the requirement under paragraph (1), the local authority shall act with a view to securing continuous improvement in the percentage of eligible persons in its area participating in the health checks".

There is no statutory requirement for private providers to give local Healthwatch any information or to respond to recommendations or comment which would risk compromising the Council's duties. Public Health Functions and Entry to Premises by Local Healthwatch Representatives) Regulations 2013. Part 4 Where can Enter & View take place? The legislation places a duty on health and social care providers to allow Authorised Representatives of Healthwatch to carry out an Enter and View visit on premises where health and social care is publicly funded and delivered. This includes:

- NHS Trusts
- NHS Foundation Trusts
- Local authorities

- Primary medical services, such as GPs
- Primary dental services, such as dentists
- Primary Ophthalmic services, such as opticians
- Pharmaceutical services, such as community pharmacists
- Premises which are contracted by local authorities or the NHS to provide health or care services, such as adult social care homes and day-care centres

The list of service providers who have a duty to allow entry is set out in section 225 of the Local Government and Public Involvement in Health Act 2007 and supplemented by Reg 14 of the Public Health Functions and Entry to Premises by Local Healthwatch Representatives) Regulations 2013.

Derbyshire County Council is required to provide Health Checks to eligible people (depending on age and health status) in accordance with Regulations 4 and 5 of the Local Authorities (Public Health Functions and Entry to Premises by Local Healthwatch Representatives) Regulations 2013. These regulations specify the information to be recorded. The limitations and constraints regarding the data sharing issues, prevents third parties from being able to deliver NHS Health Checks across Derbyshire and prevents the Council from fulfilling its statutory duties as set out above and therefore for technical reasons competition is absent.
