# **Section II: Object**

## II.1) Scope of the procurement

#### II.1.1) Title

**Crew Accommodation Corridor Lighting** 

#### II.1.2) Main CPV code

• 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

#### II.1.3) Type of contract

Supplies

#### II.1.4) Short description

We are looking to enquire about a custom lighting solution required for a passenger ferry and were hoping for a quote along with a proposal for the following.

#### II.1.6) Information about lots

This contract is divided into lots: No

## II.2) Description

#### II.2.2) Additional CPV code(s)

- 31220000 Electrical circuit components
- 31221000 Electrical relays
- 31600000 Electrical equipment and apparatus
- 31211100 Boards for electrical apparatus

#### II.2.3) Place of performance

**NUTS** codes

• UK - United Kingdom

#### II.2.4) Description of the procurement

We are looking to enquire about a custom lighting solution required for a passenger ferry and were hoping for a quote along with a proposal for the following.

We require 230V, 50Hz cordless led strip lighting with curved glass (similar to attached picture "IMG\_0660") but that will be situated in the upper corners of the corridor, at the intersection of the walls and ceiling.

The areas where this lighting are required are highlighted in yellow in the attached file "Bulkhead Mounted Passageway Lights". This drawing also contains the location of all doors that will require gaps in the lighting for operation. Further details of these corridors such as dimensions are given in the attached autocad drawing "Light Arrangmenet Hull 801".

The lighting is required to be fed simultaneously by 2 separate circuits, with some units operating on one circuit and the remaining units operating on another circuit. These circuits include: a main circuit and an emergency circuit. The emergency circuit lighting should continuously light the hallway to an average luminance of no less than 50 lux. The lights on the main circuit should continuously supplement the luminance in the corridors up to an average luminance of 220 lux.

In the event of blackout of both circuits, selected units from the emergency lighting circuit should autonomously activate. These units should be fed by supplementary power supplied by trickle-charged batteries. This supplementary lighting is for evacuation purposes and should output a luminance of 50 lux locally to the locations in the required corridors highlighted in blue on the attached "1030501-KME-E-XE-0020\_05\_Location Drawing - Emergency Light System" drawing (found on decks 6 & 7). The required operating time for this supplementary lighting is 3 hours.

A site visit it strongly encouraged.

#### II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60

Price - Weighting: 40

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

**Duration in months** 

1

This contract is subject to renewal

No

#### II.2.10) Information about variants

Variants will be accepted: No

## II.2.11) Information about options

Options: No

#### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

## Section IV. Procedure

## IV.1) Description

#### IV.1.1) Type of procedure

Open procedure

Accelerated procedure

Justification:

Urgent requirement to meet program of delivery. PIN previously advertised.

## IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

# IV.2) Administrative information

#### IV.2.1) Previous publication concerning this procedure

Notice number: <u>2022/S 022-191373</u>

#### IV.2.2) Time limit for receipt of tenders or requests to participate

Date

29 July 2022

Local time

12:00pm

# IV.2.4) Languages in which tenders or requests to participate may be submitted English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 1 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

1 August 2022

Local time

12:00pm

# **Section VI. Complementary information**

## VI.1) Information about recurrence

This is a recurrent procurement: No
