VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

4/HANA is currently cloud hosted by SAP in their private data centre (HEC). SAP are moving hosting for existing customers to SAP's Microsoft Azure data centre as part of their RISE initiative. The Council has agreed to this transition to RISE. There will be a simultaneous upgrade from the current SAP version (which is going out of support) to the latest version of SAP. Reporting will migrate from BPC to SAC. The RISE contract is being procured via a Crown Commercial Service framework.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The Council uses SAP S/4Hana to manage information and resources involved in the Council's operations (Finance, Payroll and Procurement). It is fundamental to the Council's day-to-day operations and is used throughout the organisation.

S4/HANA is currently cloud hosted by SAP in their private data centre (HEC). SAP are moving hosting for existing customers to SAP's Microsoft Azure data centre as part of their RISE initiative. The Council has agreed to this transition to RISE. There will be a simultaneous upgrade from the current SAP version to the latest version of SAP. The RISE contract is being procured via a CCS framework.

During the transition period to RISE, the HEC provision and licences are required to remain in place to allow for data migration.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £2,124,410.82

Total contract value after the modifications

Value excluding VAT: £2,765,410.82
